### Circular

Dear Exporters,

To facilitate the assessment of container requirement as well it's fulfilment, FIEO has developed a first level marketplace (<https://fieo.electronbridge.com:444>) wherein exporters can post their container demands online. All such requirements are also made visible to Shipping lines/ Freight forwarders/others so that they can express their interest to fulfil such demands.

The e-module shall help in ground level assessment of containers required in the country and on the other hand, it shall enable the exporting community to negotiate competitive quotes for their requirements.

Exporters are suggested to use this platform created by FIEO as per their interest.
