

**Extension of date of Filing Monthly Party Return for  
Consideration of APEDA Export Award 2009-10**

The date of submission of monthly party return has been extended up to 31<sup>st</sup> July 2010. All the registered exporters are therefore advised to file their completed export returns for the year April 2009 to March 2010 through the online party return system on APEDA website by 31<sup>st</sup> July 2010 for the short listing of APEDA Export Award.

Therefore, it may please be noted that export returns should be filed online with utmost care, as the export returns will subsequently be verified with CA certified statement of export from the shortlisted exporters for the selection of awardees. Further, export performance of only APEDA products for the relevant business entities registered under one RCMC (not for the Group of Companies) shall be considered as the basis of the award, which should be submitted.

**Secretary, APEDA**
