### POTENTIAL FOR EXPORT OF INDIAN AGRICULTURAL PRODUCTS TO BULGARIA

A meeting of the India-Bulgaria Joint Commission was held in New Delhi during 15<sup>th</sup>-16<sup>th</sup> October, 2012 .

It is noticed from trade data that from India, cane sugar, maize, watermelon, onions, meat of swine, whiskies, olives, tomatoes and bananas are already being exported from India to Bulgaria. We are exploring possibilities of other products of export to Bulgaria such as dairy products, milk, meat and meat products, processed foods, frozen vegetables, mushrooms, herbs, cereals , wheat etc.

Exporters are requested to provide feedback on their experience of exporting to Bulgaria and the possibilities of exporting various products so that APEDA could take appropriate action in the matter.

Please forward your suggestions within the next 10 days

Thanking you.

Yours faithfully

(Vinod K kaul)
