**REQUIREMENT OF USDA-APHIS INSPECTOR FOR OVERSIGHT OF MANGO EXPORT
IRRADIATION PROGRAMME FOR 2015-16 MANGO SEASON**

Ref No: FFV/2015-16/000027

Date: 26 November 2015

Dear Exporters

As you are aware that the Mango season 2016 is approaching and as per requirements under the Operational Work Plan (OWP) for Mango irradiation for USA, we have to compile a composite list of farmers (PUC) and pack house (PHC) and furnish the same to USDA-APHIS well in advance. As you may be aware, APEDA has introduced Mangonet software, wherein the farmers are to be registered through State department of Horticulture/Agriculture. In this regard, letters have been written to department of Horticulture/Agriculture of the State Government(s). Kindly ensure that the farmers registration process is completed by 31.12.2015. The composite list of farmers will be extracted from the Mangonet software and send to USDA-APHIS.

Kindly ensure that the registration process is completed within the stipulated date i.e. 31.12.2015.

It may also be noted that the packhouse for Mango export to USA have also got to be registered in accordance with packhouse recognition scheme of APEDA.

Further, it is requested to confirm the date during which the USDA-APHIS inspector's services would be required. It would be appreciated if you could also provide of likely week-wise schedule of exports of different varieties of Mangoes that you would like to process for export during the season.

Thanking You,

Yours faithfully

26/11/15
