

"United States Food and Drug Administration (USFDA) has informed that they have planned to conduct routine inspections of Indian firms that grow /harvest, pack process, manufacture or distribute dried dairy, ready to eat, dried fruits/ vegetables, low acid/ acidified canned food, sea food and dietary supplements to export USA for prevention and enhancing consumer protection in United States.

Exporters may visit <http://www.fda.gov/FSMA> for detailed information on the Food Safety Modernization Act and for Foreign Food Inspection Program at <http://www.fda.gov/food/internationalactivities/ucm196386.htm>."

Regards,

Samidha Gupta
