

REGULATION NO. 1147/2012 OF 04 DECEMBER 2012: USE OF WAXES AS PRESERVATIVE AND GLOSSY AGENT ON FRUITS AND FRUIT LIKE VEGETABLES IN EU”

The EU has permitted use of certain waxes on fruits where peel of the fruit is not consumed and does not therefore cause any harm to human health .

Please note that in most of the waxes the term ***quantum satis*** has been used which means that add as much of this ingredient as is needed to achieve the desired result, but not more but no maximum level is specified.
