Notification of adjustment of the administration department of inspection and quarantine of some primary edible agricultural products

General Administration of Customs of the People's Republic of China (GACC) vide letter dated 28.10.2022 informed about the adjustment of administration department of inspection and quarantine of some primary edible agricultural products.

The Department of Animal and Plant Quarantine of the GACC will now be responsible for the quarantine access, registration of overseas enterprises and other related work of the primary edible agricultural products such as fresh vegetables, plant seasonings, edible grains (excluding rice), dried beans, oil plants and Chinese Traditional Medicines of animal or plant origin.

It is further informed that the above mentioned primary edible agricultural products will no longer be registered through China Import Food Enterprise Registration System (CIFER). The relevant enterprises information and application materials will be submitted to Department of Animal and Plant Quarantine of the GACC by competent authority of the exporting countries (namely the Embassy of India in the People's Republic of China or Embassy of the People's Republic of China of India).

It is also informed that the qualification of the manufactures of the above mentioned edible agricultural products already registered in the CIFER system will remain valid. The information of the registered enterprises is available on the sub-site of the Department of Animal and Plant Quarantine under website of GACC (<http://dzs.customs.gov.cn>).

Interested exporter are requested to comply with the requirement for export of above mentioned products to China.
