The Mekong Delta region which is located in the South of Vietnam, is the key economic zone of the country with a population of 17.2 million people. Mekong Delta is the largest production center in Vietnam in terms of agriculture, fishery and ocean economy. The region accounts for 13% percent of Vietnam's GDP, contributing 82% of rice production, 95% of rice exports, 85% of aquaculture production, 80% of fish exports and nearly 70% of fruit production.

With this context, India - Mekong Delta Trade and Investment Conference held by the Consulate General of India will facilitate Indian businesses to explore trade partnership and investment opportunities in various sectors including Food processing, Seafood, Textiles, leather, Pharmaceuticals, IT and Tourism.
