## ADDENDUM - VI

Further to Amendment- V dated 31.03.2014 in the Trade Notice No. APEDA/PPP/Q/2011 dated 26.07.2011; following changes are made in the Regulation of Export of Peanut and Peanut Products through Control of Aflatoxins.

1. All exporters of peanut and peanut products (PPP) processing units, integrated peanut processing units, peanut shelling units, peanut grading units, peanut shelling-cum-grading units, peanuts godowns/storage shall be registered with **APEDA** as per the laid down procedure.
2. All PPP processing units, integrated peanut processing units, peanut shelling units, peanut grading units, peanut shelling-cum-grading units, peanuts godowns/storage including those intending to export these products in any form for direct human consumption or as an ingredient in foodstuffs or further processing intending to export directly or supply to exporter shall submit their applications to **APEDA**.
3. PPP meant for exports shall be subject to issuance of **Certificate of Exports (COE)** by **APEDA** along with the processing fee in favour of **APEDA**.
4. In case of exports to the **non-EU countries**, the exporters would be allowed to purchase from the un-registered shellers/open market. However, the raw material has to be mandatorily processed in APEDA registered grading, shelling-cum-grading and processing units.

In order to maintain traceability, units need to keep record of purchases made from unregistered Sheller/Market batch-wise for lot delivered to Exporters.

5. The functions and responsibilities assigned to IOPEPC vide above reference Trade Notice shall stand withdrawn with immediate effect. The said functions and responsibilities will now be performed by APEDA directly.
6. Other provision stated in Regulation of Export of Peanut and Peanut Products through control of Aflatoxins dated 27/06/2011 (Amendment - III dated 09/01/2013) with subsequent addendums ( I to V) shall remain unchanged.
