List of Non-Regular Fees

Additional inspections

If the operator is responsible for a necessary additional inspection due to major deficiencies (e.g. use of illicit means), ADITI will ask for additional fees. These will be calculated on the base of the costs, thereby incurred (like daily rates for the inspector, travel costs, lab costs etc.).

Remark: Such additional inspections can be announced or unannounced. Unannounced additional inspections should not be mixed with "Unannounced Inspections" on a randomized basis as described in the next category.

Unannounced inspections

ADITI will basically perform about 15% of unannounced inspections on a randomized base. ADITI does not charge for unannounced inspections but covers the connected operating expenses with the offer prices (for regular inspections).
