### परामर्श सूचना / ADVISORY

QCT-2022-23-000040-Part (2).

Dated: 04.02.2026

#### Advisory on export of Fresh Fruits and Vegetables to France

In reference to the notified order adopted by the French authorities pursuant to Article 54 of Regulation (EC) No 178/2002, France suspends the importation, introduction and placing on the market of foodstuffs or animal feed containing residues (even below MRL) of the following certain active substances which includes Glufosinate, Mancozeb, Thiophanate-Methyl, Carbendazim and Benomyl.

Kindly note that this suspension concerns various fruits, vegetables, cereals, mushrooms and algae, in which residues of the substances concerned may also be present at levels that are a cause for concern.

The details of the notification issued by France may be referred to in the link:  
[https://www.epingalert.org/en/Search?distributionDateFrom=2023-07-21&notificationTypes=Emergency%20notifications%20\(SPS\)%2CRevision%20to%20Emergency%20Notification%20\(SPS\)%2CAddendum%20to%20Emergency%20Notification%20\(SPS\)%2CCorrigendum%20to%20Emergency%20Notification%20\(SPS\)&viewData=G%2FSPS%2FN%2FFRA%2F22](https://www.epingalert.org/en/Search?distributionDateFrom=2023-07-21&notificationTypes=Emergency%20notifications%20(SPS)%2CRevision%20to%20Emergency%20Notification%20(SPS)%2CAddendum%20to%20Emergency%20Notification%20(SPS)%2CCorrigendum%20to%20Emergency%20Notification%20(SPS)&viewData=G%2FSPS%2FN%2FFRA%2F22)

The details of the foodstuff/substance and the corresponding agrochemicals under prohibition are given below:
